

2nd Year Telecommunications S8 Guidelines for Advanced Project in English

Students write the report for their S8 Advanced Project in English and hand in the first paper version to the CReL. English teachers correct the papers and meet with each group of students for 1 hour. Students then rewrite and send the final text in .pdf format to both the English corrector and the Telecommunications secretary for online publication on the S8 Project web pages below. Students should include their email addresses on their paper.

The CReL sends the average mark of the two texts to the Telecommunications Department. This mark is not taken into consideration for S8 English. The CReL does not prepare or participate in the oral presentations.

Information concerning project descriptions, groups, text format, links to dictionaries and specialised glossaries can be found on <http://moodle.bordeaux-inp.fr/course/view.php?id=1428>
